**Student ID Numbers Required:** To access a student's information on the Parent Portal, the parent/guardian must be registered with the school district as part of the student's household guardian list. The parent/guardian must also know the student's ID number for access. It can be found on fifth- through twelfth-grade students' printed schedules, progress reports, report cards, or transcripts. A student ID card will be sent home with kindergarten through fourth-grade students' second quarter report cards. The card should be kept on file for future reference. If you cannot locate the student's ID number, contact the main office of the student's school.

## Step 2: Personal Information

Complete the personal information as requested. Required fields are marked with a red asterisk. Once finished, click on "Create Personal Information."
