

Students

SUBJECT: REQUESTS FOR MARCHING BAND SERVICES

The Board of Education fully recognizes the general desirability of authorizing the participation of the Schalmont Marching Band in connection with the activities of appropriate community organizations. At the same time, the Board recognizes the need to provide operational guidelines in order to insure that the Band Director and students are accepting only reasonable requests for their services. Accordingly, the Board of Education has formulated the following policy:

- a) The Marching Band shall be available for “other than school” engagements only during the months of October, November, April and May, or at other times with the permission of the Superintendent of Schools.
- b) The acceptance or rejection of requests for out-of-school services of the High School Marching Band shall be at the discretion of the Superintendent of Schools. The Superintendent will consider recommendations made by the Band Director and High School Administrators in keeping with the Board intent on this matter.
- c) Requests for band appearances will be presented and approved on an annual basis. No additional requests will be approved unless they are considered unique or emergency in nature.
- d) A budget will be submitted and approved for the full year by October 1st of each school year.
- e) All donations for the appearance of the marching band will be used to offset expenses of the School District and will become part of the general fund.
