

SUBJECT: SEXUAL ABUSE INVOLVING SCHOOL PERSONNEL

Children have the right to grow up safely and develop into healthy individuals. Sexual abuse is a violation of this right and threatens the healthy development of children.

Therefore, it shall be the policy of the Schalmont Central School District to protect the health, welfare and safety of all the children enrolled in the District by immediately and accurately reporting all incidents of suspected sexual abuse of children involving school personnel; thoroughly documenting the incident(s); and conducting an immediate investigation of these incidents. The investigation shall be conducted by designated school staff in accordance with administrative procedures.
