**STAFF DEVELOPMENT**

All teachers will be provided with substantial professional development opportunities directly related to student learning in accordance with any applicable collective bargaining agreement and the district’s Professional Development Plan. Long-term substitute teachers (employed for more than 40 days in a school year) will have the opportunity to participate in the district’s professional development program. The plan will include:

- A needs analysis, goals, objectives, strategies, activities and evaluation standards for professional development in the district and a description of how the district will provide all teachers substantial professional development activities directly related to student learning needs identified in school report cards and other sources.
- A description of how the professional development provided will align with New York standards and assessments, teacher capacities and student needs, including linguistic, cultural diversity and special needs. Activities must be articulated across grade levels and subject areas and show how they will be provided and measured in a continuous manner.
- A description of how it will provide teachers with opportunities to maintain their certificate in good standing by successfully completing 100 hours of professional development every five years.
- A mentoring program to provide support for new teachers in order to ease the transition from teacher preparation to practice, thereby increasing retention of teachers in the public schools, and to increase the skills of new teachers in order to improve student achievement.
- Unless granted an exemption by the Commissioner of Education, a description of how the district will provide professional development to teachers to address the needs of English Language Learners.

Other Professional Staff and Support Staff

The district will provide staff development activities for other professional staff and support staff within the financial constraints of the district budget and in accordance with applicable collective bargaining agreements.

Other Staff Development Opportunities

The Board recognizes that many staff development opportunities are provided through non-school district sources. Within budgetary restraints, district employees may attend conferences, workshops, study councils, in-service courses, summer study grants, school visitations, and other relevant staff development opportunities.

Released time and reimbursement for such activities will be available upon approval of the Superintendent and in accordance with applicable collective bargaining agreements. The Superintendent may establish regulations pursuant to this policy to establish the circumstances under which such released time and reimbursement may be available. Staff members who attend such activities will be required to prepare a report or summary of the activity attended.
