RELATIONSHIP WITH BOOSTER ORGANIZATIONS

The Board of Education recognizes that extracurricular support groups, or booster organizations, provide important support to district schools, and can be a valuable means of stimulating community interest in the aims and activities of district schools. Booster organizations may be defined as

1. an organization which is created to foster community support and raise funds for a specific extracurricular activity.
2. an organization which is created to foster community support and raise funds for the school's general extracurricular program.
3. an entirely separate entity from the school district they support.

If a booster organization wishes to make a contribution of money, service time, or tangible property (e.g., equipment or supplies), a representative of the organization should first meet with the Superintendent. The Superintendent must identify the district's terms and conditions of accepting such gifts, and seek the Board's official approval before accepting or publicly announcing any contribution.
